ASE Participates in the 64th WFE General Assembly and Annual Meeting

As part of the Amman Stock Exchange's keenness to enhance its regional and international presence and exchange experiences with major global capital markets, the Amman Stock Exchange, represented by its CEO Mazen Wathaifi, participated in the 64th annual meeting and the General Assembly of the World Federation of exchanges (WFE), as well as the meetings of the federation's working committees, which were held in Istanbul, Turkey during the period October 21-23, 2025.

This global event brought together a selection of CEOs and chairmen of the boards of Directors of exchanges and clearing houses (CCPs) from around the world, as well as decision makers, representatives of regulatory bodies and financial market infrastructure institutions. To discuss the most prominent developments in the global capital markets and review future trends aimed at enhancing operational efficiency and financial sustainability in light of global economic changes.
