The ASE & the AFCM hold a training program on “Enterprise Risk Management”

The Amman Stock Exchange (ASE) and the Arab Federation of Capital Markets (AFCM), in cooperation with Euromoney Learning Company, held a training program on “Enterprise Risk Management,” which was held over two days from 12-13/05/2024 at the ASE’s headquarters, in the presence of participants from listed companies and ASE’s financial services member companies and the Federation members.

This course was presented by trainer Bassam Azab from Euromoney Learning Company. The aim of this training program was to enable participants to understand the general framework of risk management for financial institutions and to identify, evaluate and deal with them according to the nature of the risks that the institution may face and the tools for risk management and risk control.
