# The Amman Stock Exchange Holds a Training Workshop in Collaboration with SustainLink Consulting Titled "Climate Risk Management"

As part of the Amman Stock Exchange's (ASE) commitment to supporting listed companies in sustainability, the ASE held a training workshop on Tuesday, 2 December 2025, titled **"Climate Risk Management"**, in collaboration with SustainLink Consulting. The workshop was attended by representatives of companies included in the **ASE20** index sample.

The workshop aimed to familiarize participants with the management of climate-related risks and to highlight their impact on traditional risks, such as credit, market, and operational risks, among others. It also covered the fundamentals of scenario analysis and risk management methods. The organization of this workshop is part of the ASE's efforts to enhance knowledge and build capacities in sustainability and climate-related topics among listed companies, as well as to support them in applying global standards and practices in this field, thereby contributing to the enhancement of their competitiveness.
