A Special Application for Market Watch Live Program (IPhone & IPad)

The Chief Executive Officer(CEO) of Amman Stock Exchange(ASE) Nader Azar said that from the ASE Permanent keenness to enhance transparency and disclosure of the capital market, and to meet the needs and requirements of the investors and those who are interested in the ASE; and under the ASE pursuit to improve and develop the services provided to individuals and business sector, and provide the required Data with high accuracy and at the appropriate time; ASE has completed the development of a special application for Market Watch Live Program (ASELIVE) , which can work through)IPhones & IPads(that use the operating system (IOS).

Azar added that this application will provide many privileges and services for Securities Dealers, which will help them to take the right investment decision, such as a summary of the performance and the index of the market, display the Market Depth, Intraday, and the most active companies, gainers, losers and unchanged in price companies, in addition to the ability to customize your own list. Note that the mentioned application will be officially launched as of Thursday, Dec 22, /2016.

It is worth mentioning that the above mentioned application can be uploaded on the devices (IPhone & IPad) by searching for (ASE or ASELIVE) on the Apple's App Store, or through access to the Internet through the below link:

https://itunes.apple.com/us/app/aselive/id1164011982?l=ar&ls=1&mt=8

Note that the user can use the same username and password used in the English version of the market Watch program (www.aselive.jo) on the Internet to access the mentioned program.
